

Papua New Guinea School Library Program

Book Drive

Give your bookcases a Spring Clean and lend a helping hand to School Libraries in Papua New Guinea!

On Friday October 23rd we will be collecting used books for the Hope *worldwide* Papua New Guinea School Library Program. The aim of this program is to provide schools with a core collection by distributing 500 books to primary schools and 500-1000 books to high schools.

The program will accept any unwanted books (apart from textbooks and foreign language books) that are in reasonable condition. They would particularly like books covering the following topics:

- Atlases
- Dictionaries
- Guinness Book of Records
- Dinosaurs
- Captain Cook/Early Explorers
- Fish and Coral Reefs
- Forests
- Animals
- Astronomy
- 'How Things Work' books
- Human Body
- Buildings, Industry and Energy
- World War II
- Cars
- Other Countries
- Sports
- All types of fiction (they have most trouble sourcing teenage fiction)

If you would like to support this cause load your son/s up with books on **Friday 23rd October**. Their donations will be collected in class by their teacher for our year six boys to sort and pack in the following weeks ready for transportation. **Our goal is to fill 120 boxes!**

If you are reluctant to part with any of the treasures in your home library, you might wish to make a gold coin donation instead to help cover transportation costs to Papua New Guinea.

Thank you in advance for your support.

Kind Regards,

Mrs Kirsten Parker (Teacher Librarian)
