Apply USA 2022-2023 Common App Essay Prompts

The Common App essay prompts will remain the same for 2022-2023. Because as we enter the third year of a global pandemic, consistency is not a bad thing.

That's not the only reason, of course. We know from our most recent survey on the topic that over 95% of every group who responded--students, advisers, teachers, and admission officers--agree that the prompts spark effective essays. That's why we kept them the same last year as well, with the exception of [adding a new one about gratitude](#).

We will also retain the [optional COVID-19](#) question within the Additional Information section. See more here: <https://www.commonapp.org/blog/2022-2023-common-app-essay-prompts>
